About Me

Hello. I'm Front-end developer with experience in creating SPA using React, Next.js, Redux, TS/JS . Now I am improving my skills in this direction and expanding them with new technologies. I also plan to learn Node.js i, because in the future I want to be a full-stack developer. I like to spend my free time improving my English, solve tasks on the codewars. Open to your suggestions.

Skills

- React/ReactHooks/Next.js
- Redux/Redux Toolkit
- TypeScript/JavaScript
- RestAPI/Axios
- Material UI/Tailwind CSS
- UnitTest, Postman
- HTML, CSS, SASS
- GIT

Language

- English A2 in progress
- Russian: Native
